

SIGNAGE & ELECTRICAL PROFESSIONALS

Quality Professionals Wanted

We are seeking quality signage and electrical contractors to assist with the growing needs of our global clients.

Signmanager are not sign manufacturers or installers. We are specialist project managers that rely on our reputable subcontractor base for all signage work. We detail the customer's specifications and go to local qualified manufacturers to procure the required signage at the current market value. The client selects the preferred signage contractor via our online system and we manage the implementation process on their behalf.

Our Offer To You

If your organisation has manufacturing or installation capabilities and would like greater exposure to multinational corporations, Signmanager would like your company to join its network of contractors.

- Contractors receive work via area code jurisdiction when Signmanager's clients log jobs onto the Signmanager proprietary web system
- All Signmanager staff have more than ten years' experience in the signage industry, you will be dealing with experts in the field.

Simple Requirements

- You must have an email address and access to the web
- Register your company and list the service area codes you are willing to work in and the range of service you provide.
- No Obligations.

Signmanager looks forward to building a long-term and mutually beneficial relationship with your company. For registration details, please turn over.

Register with Signmanager

1. Click on the 'Registration Form' link
2. Enter your details, follow the prompts and click 'Submit'
3. Once you have registered your organisation, a Signmanager representative will be in contact with you to activate your username and password.
